

Dear White Gloves Gang,

Wow, what a difference a day can make when you are visited by the White Gloves Gang! I want to thank everyone for all their hard work in helping the Marion County Museum. All the improvements will make our museum a better place to visit, and certainly improve the experience of our visitors. On Thursday morning I had to stop by before the Conference to make sure that it really happened, and it wasn't just a dream. It is still here!

It was a great learning experience for me as well. As I watched what everyone was working on, I was absorbing the correct ways to do things and what correct materials to use. It was wonderful to meet all of you, and I feel like I have new friends from all over the state.

I also really enjoyed the sessions at the Conference. Thank you so much for including me in this wonderful learning experience. I came away with many nuggets, and ideas for further improving the museum; from storage ideas, to fund raising, new ideas for programs, and much more.

Most of all, it is a wonderful way to meet many others in your field who you can network with. Everyone seems so willing to help in any way they can, and that is a great encouragement. Please let me know when your next WGG event will be; I can at least be the Photographer. I would love to pass on some of the help you gave me.

Again a GREAT BIG THANK YOU to all of you who helped in so many ways. I can't wait to show it off! If any of you are in the area April 16th-18th, stop by for Living History Days. The 3rd Graders from all over the County are going to love it!

The White Gloves Gang experience totally exceeded my preconceived idea of what might go on that day. It was great!

Many thanks, Rosanne Black, Marion County Museum
